Tuesday

Dear Virginia:

I am writing to you on behalf of the Coalition to Protect America's National Parks, an organization that represents nearly 1,300 current and former National Park Service employees. We will be in Washington, DC June 20th and the 21st and would appreciate the opportunity to meet with you to discuss deferred maintenance issues with the National Park System. Our members have over 30,000 years of cumulative experience working on park facilities and can offer pragmatic, thoughtful feedback on the backlog.

Realizing that you are extremely busy, we can work around your schedule. Thank you for your consideration of this meeting request.

Sincerely,

Maureen Finnerty

Monthly Intergovernmental & External Affairs Meeting -- South Interior Building, Conference Room 332/333

Hello All,

Despite the South Interior Building (SIB) closing it's doors in the next few days, we are excited to announce that we will be hosting one of the final meetings EVER to take place at SIB.

For this historical meeting, we will have two special guests and speakers, Senior Advisor to the Secretary Dave Mihalic and Tracy Baetz our brilliant Museum Curator.

Dave Mihalic has a distinguished career first serving in the Army and Army Corps of Engineers, later in natural resource management, working in our public parks, and as a professor.

Our second special guest Tracy Baetz, will be sharing some of the South Interior building's history with us. You may be surprised to hear that SIB helped play an important role in WWII.

Please come prepared to provide a quick overview about any upcoming outreach to governors and external/public affair groups for the month of September.

We are excited to see everyone there tomorrow

- Jason Funes

Follow-up Meeting - Agency Reform Plans - Preferred New Regional Boundaries -- 5160

Per Jim Cason, in preparation for the "Preferred New Regional Boundaries" meeting tomorrow (Friday 10/20, 10:00-11:00 am ET), attached are the maps of the potential common regional structures. These maps are the same versions we reviewed at the 9/8 meeting and which Scott Cameron sent out to the Assistant Secretaries on 9/8.

The default version is Map #1, which is the Secretary's suggested demarcation. Be prepared to discuss and share your input if there are specific preferences or reasons for adopting the other versions, Maps #2, #3, or #4.

 Annual operating funds. As a % of budget, the public sector funding continues to decline. Right around 35% of the operating budget. How can we position this Public/Private partnership for sustainable funding in the future.
>• Program and exhibit improvements. Our strategic plan talks about improving the relevancy of the historic site and how do we do that through programs and modernized exhibits. (The peaceful transition of our government is a cornerstone of this Republic)

>. Facilities, annual maintenance plan. I believe we have a good condition assessment study in hand, but what is the best way to translate this into the NPS process and optimize our ability to get funding for the needed improvements.

Stanton will provide a white paper next week to give you back ground of our site, mission and current state. Thanks for taking the time to help us strengthen our planning efforts.

Dear David and Dan,

 Thank you for taking the time to meet with Peter Ebright , Kaleb Froehlich and me last Thursday at your offices. We really appreciated the opportunity to have a frank and open discussion regarding the upcoming RFP for the Statue of Liberty ferry request at that meeting, I am attaching hereto a one-page memo regarding our companies and, more importantly, what elements should be fully considered in preparing the new Statue of Liberty RFP, not only to produce a level playing field among the bidders, but also to maximize throughput and revenue for the NPS and improve customer experience.

 I also wish to reaffirm our invitation for you to come to New York harbor to observe the current Statue of Liberty operation, as well as to observe the terminals and operations of NY Waterway and NY Cruise Lines. I believe that such a trip would help to stimulate your thinking as to possible ways in which the service might be improved to this most iconic of NPS assets. We are available at your convenience.

 %nbsp; Hoping to see you here in the New York harbor, I am,

Sincerely,
Armand Pohan, Chairman
